

## MUSIC PROGRAMMING WITH INTENTION

### THE RIGHT SONG AT THE RIGHT TIME

Creating a fantastic party requires more than just playing the right songs. It's playing the right songs at the right time for the right reason! This skill is how we transform each and every celebration to GREAT!

We take the time to get to know you and understand your musical tastes. So, when the big day comes, we know exactly what you want, what you like and what you don't like.

Understanding your vision and musical taste is the key to designing a seamless wedding celebration soundtrack of your preferences. From the times guests arrive, until the packed and happy circle of fun during the last song, our goal is an event you and your guests will LOVE and remember!

### MUSIC IDEAS FOR YOUR CELEBRATION

Because our music library consists of over 100,000 songs, it can be hard to get started selecting some. To help, we've created a few song lists to give you some ideas. (Remember, these songs are just a small portion of our library!)

We want to know your favorites ... just tell us if you don't see them on the list. We probably have them, or, we'll get them for you. It's that simple!

### BY THE WAY

- You don't need to choose all of the music, but, definitely let us know any favorites.
- We are professional music programmers experienced in creating a great event and fun dancing atmosphere with all kinds of musical formats and genres.
- When selecting music you can figure that approximately 12 to 18 songs can be played per hour.
- If you ask friends or family for a song idea, make sure we know who else added ideas to the mix.
- If you use our music idea lists, circle or highlight your favorites, and CROSS OUT categories, songs or artists you don't like. Keep some variety within your preferences because your guests may be all ages and backgrounds.
